## FROM THE EDITOR'S DESK

One of the most important events in the camping season is the election of officers for the Camper's Council. Since we are nearing the end of our summer, I thought this would be the perfect opportunity to give you campers an idea of what the members of this year's Camper Council staff have accomplished and are hoping to accomplish.

At the first meeting of the council it was decided that there should be a different seating arrangement in the mess hall, better supply of writing materials in the cabin, waste barrel in the rec hall and in the mess hall. These items were all taken care of as you can see.

Camp pictures have been taken for the new folders and postal cards. Many ideas for evening activities have been brought up, some of which have been used. A list has been made of the bunks that need new mattresses and they are hoping that some time in the near future the bunks will be repaired. They are also hoping to have new flags for next year.

One of the main subjects discussed at the meeting was the idea to have all campers who did not believe come before a campus judgment and jury. After each representative discussed the idea carefully with his bunk mates, it was finally voted against.

I want to congratulate the members on their fine work that they have been doing to help make the camp a better one. Keep up the good work, kids.

Ellen Green

### STEEPLE CHASE

Come on team! —Faster! Faster! were some of the cries yelled by the Negev and Galil teams at the steeple chase.

On Friday, July 17th, the camp was divided into two teams, the Negev and the Galil. Each team was given the same feats of skill to do, and the first team to finish the tasks was the winner.

When the camper finished his stunt, he ran to the place where he was told and gave the next camper in line the wand (which was a plug) and so on until the end. Some of the outstanding feats were swimming to the raft in pajamas, giving the pajamas to the next camper who in turn would swim back to the dock; keeping a feather in the air for ten seconds; and for the climax of all the stunts was the peanut butter sandwich contest which was done by Ellen Green and Ann Savitt. After eating the sandwiches, they had to sing "Kank a Doodle". Both were very good, but Ellen finished a bit sooner.

### FISHA BLAV

Camp down once again observed Fisha Blav. There were many who stayed the whole day. Mr. Ginsburg visited us for noon services. The night before we had a candle light service sitting on the floor. Ben Benari told us stories along with the senior and Old boys.

Ann Savitt

### VISIONS ON W. KENDS

At camp this year a different group of parents come each weekend to help us celebrate the Sabbath and see how the camp is run. They usually come on Friday evening and stay the whole weekend. We hope to see all the parents here because it is nice to know that you'd like to know how we live and what makes this great camp of ours tick.

Janet Levine

### ONEG SHABBAT

Every Saturday in the late afternoon we start our Oneg Shabbat. Ben Benari introduces the story teller for the day and so the Oneg Shabbat gets under way. The story is usually taken out of Jewish folklore and is very entertaining. After this, our quizmaster starts his weekly quiz. One member of each bunk participates. Each participant is asked a question about Jewish history and each correct answer is awarded with a lollipop. At the end of the Oneg Shabbat, each counselor is given enough lollipops for his bunk.

## GIRLS' ATHLETICS

In athletics this year, Dick Sterns, our much liked athletic counselor, introduced several new sports. One of them that made a big hit was field hockey. As we did not have all the rules and equipment we did not continue, but plans are being made to acquire them. Soccerball, bowling, and croquet are very enjoyable new sports, and softball hasn't lost any of its popularity.

During athletic periods we have drills that have greatly helped in the drills necessary to play the games.

So far this year has been one of the best we've had in sports and it looks to continue that way.

by Judy Singal

## LITTLE LEAGUE SOFTBALL

Field scoreless in the first inning by the Camp Lown Little League nine, the Norridgewock Little League broke loose in the second inning for five runs with two out.

There was one home run by Brooks of the Norridgewock team, who were hosts. Starting pitcher for Lown was Mike Striar, with right hander Eddie Miller coming in to finish the game on the mound.

Final score of the game was Norridgewock 11, Lown 5. Top hitters of the Camp Lown team were Eddy Miller and Julie Benari.

Our team members are: Dave Adelman captain, Eddie Miller, Mike Striar, Al Striar, Julian Benari, Barry Traister, Mike Berner, Marty Davis, Harold Baker, Marshall Stern, Morris Director, Joe Cohen, Byron Dresner, Harry Tabenken, Norm Kominsky, Dave Sklar, Irwin Shiffer, Alan Berns, and Mike Savitt manager.

## BOYS' SPORTS

This year a lot of new sports have been introduced to the campers. In bowling Irwin Shiffer is leading the boys with a high score of 56. Stan Israel is up there too, leading the CIT's with 71.

A new sport that many of the boys like is soccerball. But with all the new sports the old ones haven't lost their popularity.

Softball is still all-time favorite. The champ of that game is Stan Israel, who has hit the ball over the fence

three times.

## FRIDAY AT LOWN

Camp Lown wakes up in the morning and sends all its dirty clothes to the laundry and puts the mattresses on the porch to air out. In the afternoon all beds are made fresh with clean sheets. A super clean up and showers for everyone are also on the schedule.

The camp then dresses up for supper—and what a supper! The Sabbath queen and angels light the candles, Kiddush is said, and then we sit down to a meal of roast chicken. We then leave the dining hall and proceed to the Bet Am for the Friday night service.

The cantor is one of the campers; usually guests are invited to witness the services. During the service everyone is in a solemn mood. The choir sings a few songs which are very beautiful. After the service we do Hebrew dances and everyone is very gay.

Friday is really a full day at Camp Lown.

Bernie Alpert

## MAJORS AND MINORS

The music periods this year have been very interesting. We have learned quite a few new Hebrew songs and are looking forward to learning more. Along with the Hebrew songs we have learned some English songs with very catchy words. We also enjoy singing after meals in the dining room.

All of the new songs we sing at camp will be remembered by us when we return home in the fall and next year we shall be looking forward to singing these and new songs from the new song books.

A special feature of the music periods have been talks and demonstrations of different musical instruments by campers and counselors who play them. We enjoyed hearing Harry Tabenken's trumpet, Stu Cope's violin, Ruth Flock's french horn, Dave Adelman's saxophone, and others.

Here's praise to Ira for the work that he has done.

## THE FIRST CANOE TRIP

Twelve campers and three counselors made up the first canoe trip to Smithfield on Friday.

On the way across we ran into a rain-storm which lasted about five minutes. Otherwise, the trip was fine. At Smithfield we swam. Not too many dived from the diving board because it was too windy.

On the way back to camp it got quite windy but everyone arrived back in camp safely after a wonderful time.

Elizabeth Lubell

## OVERNIGHT CAMPING

On July 26 some of the senior boys went on a canoe camping trip to Somerset Camping Grounds across the lake.

Although the trip there was hard and the paddling was tricky for them because the lake was covered with white caps, our brave canoers made the journey successfully. When these brave pioneers came to the camping grounds, they immediately set up camp and nature counselor, Larry Mosner, cooked a delicious meal.

After dinner Larry showed them how to make camp and pitch a tent. Later on, they had a good swim.

The next day, after cooking two more meals and breaking camp, they headed home. Since the water was much calmer, the trip back was easier.

Julie Benari

## RELAY TRACK MEET

On the afternoon of August 1, the camp was divided into four teams for a track meet. The captains were Audrey Saperstein, Stuart Cope, Ruth Jacobson, and Sam Berger. There were five relays.

The winning team was team number three under the leadership of Ruth Jacobson.

Some of the events were passing a ball down the line, putting a horseshoe over a bowling pin, and hitting a Bolo ball.

**The Perfect Counselor**

A perfect counselor in my mind is a counselor who lets us play baseball all day. Also when he goes to Toulouse's he should remember the campers with candy. A counselor should let us stay up to at least 10:30 P.M. A counselor should let us swim whenever we want and allow us to go to lineup whenever we please.

I believe that never such a counselor has existed

An ideal counselor should be able to control his or her temper. He or she must know how to handle children and take the responsibility of them. They must be glad to help the children enjoy camp. They should enjoy camp. They should enjoy going to activities with them. They must like children.

On December 23, 1952, John Stock and Esther Brown were married, in Temple Zion, San Francisco, California. The next day they started on their honeymoon to the Yukon by ship called the Silver Slipper. Some of the passengers were killed. John's wife was hurt.

After, he got into a lifeboat with his wife and sailed back to shore where she was treated. Two months she

It was the camp started when this girl named Bonnie who was never away from home started griping and moping and never ate much. Her counselor, who did everything, she could think of to help her, was now very worried. Then came the Saturday Night Dances. Bonnie attracted a very nice boy and soon was the happiest joyfulist girl in camp.

## PARTIAL CONSOLATION

At the dinner table on Sunday, Mrs. Friedman complained of a terrific headache. Little Selma became sympathetic. "Ma," she said, "in Sunday School we were told that Moses too had a headache." "Who said so?" inquired the mother curiously. "The teacher," replied Selma. "She said that God gave Moses two tablets."

## UNMISTAKABLE EVIDENCE

When little Solly saw the zebra at the zoo, he became greatly excited, clapped his hands, and said: "Look it, maw, this is a Jewish animal." "A Jewish animal!" exclaimed his mother. "What makes you think so?" "Because he is wearing a TALLIT like grandpa," said Solly.
