

Splash! Splash! The latest news as reported by correspondents at the H₂O front states that the big war is over. Several objectives have been won and certain areas have been gained by the troops. In spite of the weather and all its cold, windy, and rainy spells, citations have been won by hard-fighting campers. A total of 30 people passed their deep water tests. This number alone is significant in that the requirements were rather rigorous and demanded great endurance. Others advanced rapidly from the Beginner's Area into the Low Inter, High Inter, and thence into the area desired by all campers.... Deep Water!

Awards for meritorious service were presented on behalf of the American Red Cross to 29 people for passing their Beginners' Tests; 25 for Intermediate Swimmers, 8 for Junior Life Saving, and 2 for Senior Life Saving.

Amphibious operations were undertaken on several occasions during the summer. Every mission was successful with all participants returning safely, although the boats and canoes now look badly scarred. Even the Beginners had a chance to prove their true worth by embarking with Admiral Bernard O. Bloom in one of his light destroyers. These youngsters showed outstanding courage by venturing close by the treacherous Deep Water Area!!

The familiar battle cries of Barb, Marty, and Howie will long be remembered: "Stay with your buddy!" "Get off that canoe seat!" "Wait for your counselors!" "Dry off thoroughly!" "No running on the dock!" "Check in!" "Everybody out!" and "Bummy, where's your buddy?"..... These are the cries that will be recalled by everyone!

FIRST MACCABIAH

Sunday evening, August 20, 1950

The first Annual Camp Lown Maccabiah got underway this evening with impressive ceremonies centering around the lighting of the menorah, the symbol of friendship, which inaugurated the three-day contest of athletic skills and various talents. Two teams representing the American Jewish community and the Israeli Jewish community, and each including one half the total population of Camp Lown, will compete. The American team will be captained by Sol Sherman, and the Israeli team will be led by Mel Roth. As both captains shook hands, head judge, Barney Bloom, declared the Maccabiah to be officially started at approximately nine o'clock P.M.

Monday morning, August 21

The first scoring of points was equally divided by both teams, as each received 5 points for decorum and exit at breakfast.

Monday noon,

Six athletic contests were played this morning with the American team emerging with the greater number of victories. The Sherman men swept through senior boys' Softball, in boys' Basketball, junior boys' Soccer and Junior girls' Newcomb. Mel Roth's Israelis captured Senior Girls' Volleyball and Inter Girls' Kickball.

Monday Afternoon,

Amidst fine weather and wonderful spirit, the Americans and Israelis once more came to grips in the track and field meet. Approximately fifteen events were held with brilliant performance being made by members of both teams. But the Americans once more pulled out the victory, winning 111-76.

Monday evening,

The American team continued its surge tonight as it captured this evening's Hebrew quiz 57½-7½. The contest was not concluded but will be at a later date. Quiz master Larry Gerstein conducted the battle of wits.

The total score of the Maccabiah at the end of the first day was officially announced at 259½-155½ in favor of the American team.

Tuesday noon, August 22

The spectacular scoring drive of the American team continued this morning with a surprising victory in an abbreviated swimming meet and boat race by the score of 48-36. The meet was sparked by the finest races ever seen around the sunny borders of East Pond.

Tuesday afternoon, August 22.

An amazingly game Israeli team suddenly came to life this afternoon and powered over the hitherto invincible Americans in 4 out of 6 events. Stumbling at (cont. on page 29)

Ever since the great glacier formed it, our lake has been one of the most beautiful spots on earth. Here nature has provided a perfect setting, and what better place could there be for studying nature herself.

This year we have enjoyed our nature study more than ever before. We have seen many records made - the capture of a big turtle, (yes, turtles are reptiles; the word 'reptile' comes from the Latin 'reperere', meaning to crawl) by Arthur Ginsburg. Did you know that turtles are credited with reaching the greatest age of any living animal?

The all-time snake catching record established by Jason Alpert who caught five in one day handicapped by a disabled finger! Second place to Harry Tabenken; lost by two snakes. The all-time P.I. catching record of Bernie A. The all-time Nature hike record by Jerry Fisher. The U.S. and Canadian hat-on-the-head holding championship to Paul Lewis. Runner-up Irwin Tacritz. The open-mouth snake-eating championship to Barry J. Second place to Harry T. by a gulp! First prize in the delicatessen class of snake slicing to Milton Del!

Our sterling silver loving cup to Stevie G. who sips from the spout while the bottom drops out. Best listener - Bobby Hains...Best sport - Zona Lewis...Best informed - Stanley Israel...Most curious - Mel Mazer...Match of the year - Bernie A. and Mona H...Miss Muffet - Judy Medwed...Blondie - Gail Burns...Horsewoman - Charon Lee C...Most improved - Janet Saitz.

Thanks from our rabbits to Susan Adelman, Harriet, and Sherry for that clover. Mr. Rabbit thanks Fran for her assistance. The chickens thank Barry Lieberman and Dave Adelman for those meat scraps. A towel to Joe Cohen for falling in at the rocks. Applause to Mitch Fischman for saving his socks. How do you like the birch bark, Howie Medwed? Who's been peddling coconut milk?

AND SO WITH REGRET WE SAY FAREWELL TO OUR LITTLE FRIENDS IN THE FIELDS AND THE TREES AND THE LAKE. WE HOPE TO SEE YOU ALL NEXT YEAR!

OUR STAFF!

Bunk 1

Arthur Ginsberg....The rumor is that Arthur has been offered an instructorship at the Arthur Murray dancing schools.

Mike Ross....The way Mike talks, the Phillies are the only team in the major leagues.

Sandy Podolsky....All hail to the next chief of the Penobscot Indians.

Milton Silver....Milty is the ping pong champ of the camp with the possible exception of his counselor (?).

Irwin Cohen....Here's a guy who is continually hustling, looking for things to do.

Jimmy Gould...I'll remember Jimmy best with his tiny "Pixie" camera snapping the picture of some unsuspecting camper in a rare pose.

Jerry Fisher...Camp Town's champion nature lover and a "natural" swimmer.

David Jubell... David is the Heifetz of tzrif 2. Whenever there's

a dull moment, the golden strains of Shubert's Serenade can be heard emanating from the Tubell Stradivarius.

21.

Donny Gordon...Donny is the first one in the tzrif to get his J.I.S. card and is he happy about it! He also is a "natural" before an audience and footlights.

Joel Graffman...Joel's the counselor's alarm clock in the morning, oh, I'd say about an hour before reveille. I guess he's planning the day's activities at that early hour, and the boys respect him for his ability for they elected him Rosh of the Tzrif.

Stanley Israel..."Izzy" is the big boy with the big smile, and if you ask me, he will play anything on his trombone for you.

David Lieberman...Showing great promise on the basketball court. David sleeps within arm's reach of a basketball.

I was sitting down by the dock one sunny afternoon, teaching one of the campers how to chant the services. Phil Weiner came dripping by, looked at us, dripped some more and said, "Boy, culture is everywhere!" As Phil went chasing off after tsrif 7, I thought to myself that he hit the nail on its head. What he expressed in general words is in truth the aim of the cultural program; namely, to make culture an integral part of everyday living; to let culture seep through all of our activities like the warmth of a campfire through your homes. Sitting about a fire, you feel warm and comfortable and everything is fine. But if you get too close, the heat becomes unbearable, and you may have to leave the fire altogether. So with Culture. If you get a little bit here and a little there, you enjoy it while learning about it. But if you get too close, if someone sits you down and says to you, "Now then, this culture - learn it," why then, many times you are apt to be bored. You will probably learn nothing and soon you will leave it altogether. That's why here at Town we make culture a part of our everyday life. How this is done, I need not tell you. You need only to recall the plays, songs, dances, and many other activities you engaged in here at Camp.

This principle of learning while you are enjoying it, can only hold under ideal conditions. And many times the conditions may not be very ideal. This will disrupt the principle of learning and enjoying it, and we may have to get down to some very serious work and hard concentration. Just as in all other paths of life, very often we have to work very hard in order to get what we want. And so we may have to sweat a bit memorizing lines, learning new steps to dances, new words to songs, and even a new language.

Working, learning, and enjoying ourselves....those are the things we do at Town, and while we do it, we are becoming healthier and happier American Jews!

first and losing senior boys speedball (2-1) and intermediate boys softball (10-2) the Israelis swept over junior boys kickball (13-6), senior girls basketball (21-8), intermediate girls newcomb (15-8) and junior girls kickball (8-7). It was a great afternoon for the Israelis as they chopped 50 points off the American team's lead.

Tuesday night August 21.

On the basis of presentation and performance the Israeli team's play was judged the winner tonight in a dramatics contest. Both the American team's and Israeli team's plays were original. Sixty points were divided, with Israel receiving 32, America 28.

An official announcement tonight recorded the score at the end of the second day to be Israel $350\frac{1}{2}$, America $410\frac{1}{2}$.

Wednesday morning August 22.

The terrific comeback of the Israeli team continued this morning as they narrowed the lead of a stunned American team to exactly 30 points by taking 45 points to the Americans 15 in the conclusion of the Hebrew quiz.

The grinding drive of the Israeli team which started yesterday afternoon was suddenly stopped cold by a courageous American team this afternoon. Hard luck followed the Israelis as they lost decision after decision by a margin of one or two points. It was a great afternoon for the American team as they won Senior boys basketball 14-13, a terrific overtime contest that was probably the most spirited and exciting game seen on the outdoor court in some time. The Americans also captured Inter boys kickball 4-3, Junior boys dodge ball 27-26, Intergirls dodge ball 26-24, and barely missed another victory in the Senior girls softball game that was not concluded. No points were awarded in this game to either team.

Going into the final contest of the First Annual Camp Lown Maccabiah, the American team leading $540\frac{1}{2}$ - $410\frac{1}{2}$, we find the race still anybody's guess.

After a wonderful display of dancing and singing that included 4 separate dances and songs by each team, the final scores were announced. The Israelis won the major part of the 140 points awarded in the song and dance contest. The representatives of Israel received 74 points while the performance from America was awarded 66 points. The decorations in the chadar oehel were judged as follows: Israel 34 America 16. The judges announced the award of points for team spirit as follows; America 34, Israel 31. The final score was announced as the members of both teams stood expectantly around the flagpole. Israel 549! America 656!

Thursday morning August 23.

The Maccabiah is now camp history. Only its memories will linger. The campers and staff will once again be working side by side in a spirit of genial friendliness and cooperation. They will look back on this Maccabiah with a feeling of warmth and look forward to many many more.

Marvin Karp

We once again find ourselves at the close of another successful summer at Camp Lown. As we turn back the pages of the calendar, we remember the enjoyable hours we've spent together, and the close friends we've made. The pleasures of this 1950 season will long remain in our memories. We anxiously look forward to next summer when we will renew old friendships and gain many more dear friends here at Camp Lown.
