

A Message from the Dedication Chairman

LOUIS E. WEINER

A community's character is the sum of its splendid deeds.

The dedication of Temple Beth El represents the culmination of one of the splendid deeds of Portland's Jewish community.

The Temple Beth El Dedication, which we are now celebrating, is the climax of months of planning and work. The Dedication Committee received wonderful cooperation from every single member of the Temple.

Every person called upon did his part.

For thanks and congratulations we must include all the congregants of Temple Beth El. Only their genuine help and cooperation made this dedication what it is.
