Center Women's Club

By Karen Lerman, President

The Center Women's Club's second workshop was held on Monday January 13th with a delightful presentation by Evening Express columnist Kim Murphy. Kim spoke as a public service and revealed entertaining stories concerning her past and present job experiences. She enlightened us with her experience in witnessing open-heart surgery, and made us laugh with stories of people she has come in contact with, by fate and/or assignment.

Her personality seems to be a pleasant combination of Lois Lane as ace and curious reporter, Erma Bombeck being articulate and witty, and 'the-girl-next-door' as shy, sweet and down-to-earth.

Center Women's Club showed their appreciation for this wonder

The Center Women's Club Bingo Snack Bar Crew. We thank you all very much!! Hey, what's Steve doing in there??
